

JACKSON CLIENT SOLUTIONS LLC

We audit. We don't remediate. Independent, evidence-based assessments against the regulations, standards, and contract requirements your organization is held to, reported plainly and reviewed with you before they're final.

Jackson Client Solutions is a certified Service-Disabled Veteran-Owned Small Business that performs assessments, audits, verification, and training only. We hold no remediation, implementation, or reseller lines of business, so our findings are shaped by the evidence and nothing else.

01 CORE COMPETENCIES

- ◆ **Readiness & gap assessments** against any regulation, statute, standard, or contract clause an agency administers or is subject to, scored by requirement with evidence references and a prioritized gap list.
- ◆ **Compliance audits** of controls, content, products, programs, and contract performance, reported for oversight bodies, boards, and councils.
- ◆ **Independent verification** of remediated findings, self-assessments, other firms' assessments, and vendor conformance claims.
- ◆ **Governance advisory:** requirement mapping, governance and policy reviews, pre-procurement reviews, and leadership briefings.
- ◆ **Compliance training:** executive briefings, role-based workshops, audit-readiness sessions, and awareness training.
- ◆ **Domains worked across:** cybersecurity, privacy, digital accessibility, AI governance, records, and operational compliance.

02 DIFFERENTIATORS

STRUCTURALLY INDEPENDENT

No remediation, implementation, or resale. Nothing on the other side of the line, so there is no conflict to manage.

FEDERAL INSIDER'S VIEW

Founded by a former federal IT specialist (SBA, Census Bureau) and Air Force NCO who has worked inside the programs agencies operate under.

FOUR SET-ASIDE PATHS

SDVOSB sole-source and set-aside, WOSB set-aside, VOSB, and Texas HUB. One award, multiple ways to count it.

FIXED-PRICE, DELIVERABLE-BASED

Scoped to a requirement and boundary, priced firm-fixed, delivered to a defined report standard. Easy to evaluate, administer, and close out.

03 METHOD

Six phases on every engagement: scoping, evidence collection, testing and analysis, findings review with the client, final report and briefing, and independent verification after remediation. Every finding is tied to evidence examined and rated on a published severity scale. Delivered remotely through a secure evidence exchange, with on-site work across the DFW metroplex and statewide by arrangement.

04 PRINCIPAL EXPERIENCE & CREDENTIALS

Adriana P. Jackson, MBA, Founder & Principal. IT Specialist (Hardware & ITSM), U.S. Small Business Administration; IT lead, U.S. Census Bureau. 6.5 years U.S. Air Force as an F-15 weapons load crew NCO covering physical security, information security, and program management under a Secret clearance. MBA in IT Management, CompTIA Security+, ISC2 Certified in Cybersecurity. Past performance references and sample redacted reports available on request.
